**GETTING STARTED**

Thank you for purchasing the Black Pearl from Vibratex. For over 30 years, Vibratex has brought America toys with a heritage: unique, thoughtfully crafted, with the power to satisfy, again and again.

We hope you will love your Black Pearl experience.

Before starting, charge the Black Pearl as described below. See "Charging the Black Pearl" for more information. Once charged, press the single-button control once to activate. See "Using the Black Pearl" below for more information.

- 1 - Charging port
- 2 - Indicator light (red)
- 3 - Single-button control
- 4 - Cable
- 5 - USB plug
- 6 - Wall adapter

**CHARGING THE BLACK PEARL**

To charge the Black Pearl, connect the charging plug to the charging port on the base of the unit and then connect the USB plug to a USB port. You may also connect the USB plug to the included wall adapter and connect the wall adapter to a regular 110V outlet.

A red indicator light will shine steadily to indicate that it is charging. It will switch off when charging is complete. A complete charge takes 40-60 minutes.

**WARNING:** Do not charge the Black Pearl near water.

**USING THE BLACK PEARL**

Press the single-button control once to turn on the Black Pearl. This is the low setting. Press it again to increase the vibration to medium, then high intensity. Press it again to activate a wave pattern, then a pulsating, a burst and finally an escalating pattern. Press the control again and the Black Pearl shuts off.

A red light at the base of the Black Pearl comes on whenever the unit is on.

To immediately shut down the Black Pearl from any setting, press and hold the control for 2 seconds.

**HELPFUL TIPS**

We strongly recommend using a water-based lubricant with the Black Pearl. Silicone-based and hybrid lubricants are not recommended. Do not use any other type of cream, butter, petroleum jelly or oil.

Always insert the Black Pearl carefully - never force it. Stop immediately if you feel pain. Never insert the bow-shaped handle into the anus.

**Many men find the following tips helpful:**

- Allow enough time. Relax and don't be in a rush.
- Use plenty of lubricant.
- Lie in a comfortable position: on your side or back with your legs bent and pulled up, or on your stomach. If on your back or stomach, try using a pillow or two under your lower back or mid section.
- Consider using a finger to relax your sphincter muscle before insertion.

- Once inserted, just relax for 10-20 minutes to get used to the Black Pearl. Take it slowly.
- Experiment with different positions and be willing to try it several times over a period of weeks if the experience doesn't "do it for you" right away.

**WARNING:** Stop immediately if you feel pain. The Black Pearl is not a medical device. No medical claims are warranted or implied by the use of this product. Using the Black Pearl is not a substitute for medical attention.

## CARE AND CLEANING

Clean the Black Pearl with an anti-bacterial toy cleaner or with mild anti-bacterial soap and warm water. Dry completely before storing. Never use cleansers containing alcohol, benzene or acetone. If you plan on sharing the Black Pearl with someone else, or use it for vaginal play, always use a condom on it.

The Black Pearl is shower proof and splash proof. Do not submerge it in water.

**WARNING:** Do not charge the Black Pearl near water.

During the applicable warranty period, and within normal household use, Vibratex will repair or replace the product with a comparable model. If you believe you have a warranty issue, please follow these steps:

- Email [customerservice@vibratex.com](mailto:customerservice@vibratex.com).
- Carefully package product and ship to Vibratex. Insurance is recommended.
- Retain tracking information for your protection in case of loss or damage in shipment. Vibratex is not responsible for loss or damage during incoming shipment.

## WARNINGS

For adult use only.

Do not use on skin that is swollen, inflamed, blistered or broken. This is not a medical device; no medical claims are warranted or implied. Using the Black Pearl is not a substitute for medical attention. Do not use around your chest or throat. If you experience any discomfort during use, immediately stop using this product. In case of severe discomfort, consult your healthcare professional.

**WARNING:** Do not charge the Black Pearl near water.

## TROUBLESHOOTING

If the Black Pearl doesn't start vibrating when you press the single-button control once:

- > The battery is drained. Connect your charger.

If the charging indicator on the Black Pearl doesn't light up when connected to a power source:

- > The battery is completely empty. Allow several minutes for the unit to respond.
- > The unit, or the wall adapter, is not properly connected. Check your power source, USB plug, charging plug and all connections.

If you experience any other problem, or have a question about the Black Pearl, please email: [customerservice@vibratex.com](mailto:customerservice@vibratex.com).

## WARRANTY

The Black Pearl is backed by a one-year limited warranty. If you have questions concerning the Black Pearl, or if it is not functioning properly, please email: [customerservice@vibratex.com](mailto:customerservice@vibratex.com).

This warranty covers all defects in workmanship or materials, arising under normal usage and care, for a period of 12 months from the date of purchase. This warranty covers units purchased and used within the U.S. and Canada. You must keep your original proof-of-purchase to obtain warranty service. Do not attempt to repair this product yourself.
